Environment

FEATURES

Clear liquid of yellow colour with a pleasant lemon scent. Biodegradability above 90%. Preparation not classified as toxic or harmful according to actual regulations.

PROPERTIES

DESIMAT is miscible in water in all proportions, stable in high hardness water, it has lower rate of foam in the recommended concentrations of use.

DESIMAT is a destroyer of unpleasant scents with reactive effect on molecules that are the source of odours.

DESIMAT is a degreaser of surfaces, removes the fat dirtiness, minerals and organics.

DESIMAT is a disinfectant acting on germs and bacteria responsible for the proliferation of bad odours and prevents its reappearance.

Causes a bactericidal effect NF EN 1040(2% V/V) in cleaning conditions.

SPECTRUM - 5

- Pseudomonas Aeruginosa CIP A22
- Escherichia Coli CIP 54127
- Staphylococcus aureus CIP 53154
- Enterococcus hirae CIP 58.55
- Mycobacterium Smegmatis CIP 73,26

UTILIZATION

DESIMAT is used in toilets, public urinals, seniors home, schools, nurseries, counties, locker rooms, offices, markets, agro-food, etc. ..

APPLICATION

DESIMAT is applied diluted in water according to the table on the following page.

NOTE: Bactericidal Efficacy tests available on request.

ADVANTAGES

- Degreaser and disinfectant
- Bactericidal efficacy
- Miscible in water in all proportions
- Quality food product
- Destroyer of bad odours

TECHNICAL SPECIFICATIONS		
DILUTION	1 litre to 50 liters of water	
CHEMICAL NATURE	Dispersing agents and biodegradable with surfactant functions, non-ionic, stabilizing additives and cationic antibacterial agents. Biocidal product classified as TP2	
SURFACTANTS	Nonionic	
PHYSICAL STATE / COLOUR	Yellow liquid	
ODOUR	Lemon	
PH	9,40	
SOLUBILITY IN WATER	Complete	
CLEANING PERFORMANCE	Very good	
RINSING	Yes	
FOAMING	No	
RELATIVE DENSITY	1,010	
FLASH POINT	Not concerned	
CHEMICAL REACTION	Slightly alkaline	
CLASSIFICATION	Not applicable	
EXPIRATION	2 years. Stored in the original packaging. Protect from excessive sunlight. Avoid extreme temperatures.	

CAUTIONS

Chemical product: Always read the label before using. Close the packing after each use. Keep out of children reach.

In case of contact with eyes, wash immediately with plenty of potable water. Protect from cold.

Always make a test to determine the compatibility and the appropriate contact time.

Quality food product, in terms of cleaning materials and equipment that can be in contact with food products, a simple cleaning with potable water is enough before drying

FUNCTION	DILUTION	RINSING
Detergent	Dilute 1 litre of DESIMAT until 30 litres of water	For surfaces that may
Disinfection	Dilute 1 litre of DESIMAT in 50 litres of water in cleaning conditions.	come into contact with food products, complete with rinsing with clean
Destroyer of bad odours (Shock action)	Dilute 1 litre of DESIMAT in 2 litres of water	water.

* DESIMAT can be applied by nebulisation directly on the pollution source, or by spraying with dilution of 1 litre until 50 litres of
