

POLICLEAN

MULTIPURPOSE
DEGREASER – FOOD INDUSTRY

Cleaning and Maintenance

Food Industry

Industry

Institutional

Construction

Environmen¹

FEATURES

Liquid of alkaline chemical reaction. Yellow colour and slight smell of fresh

Biodegradability higher than 90%.

POLICLEAN has been tested and Certified by NSF International (Registration No. 140240).

PROPERTIES

POLICLEAN is miscible in water in all proportions, easy to rinse, active and stable in water of high hardness.

POLICLEAN when used for washing vehicles, emulsifies and disperses dirtiness without attack the paint film, breaks the electrostatic film and cleans thoroughly all types of dirtiness: dusts, stains diesel, carbonized smokes, insects, etc.

APPLICATION

POLICLEAN is used to wash the exterior and interior of cars, vans or trucks that carrying food. It can also be used in transport large scale, as ships carrying food, airplanes, trains, etc. .. POLICLEAN is a multipurpose product and can be used in various cleaning functions.

POLICLEAN is applied by spraying hot or cold water in the proportion of 1 to 5 liters of product per 100 liters of water, depending on the dirt and frequency of cleaning.

Nonfood Compounds Program listed (C1) (Registration N° 140240)

POLICLEAN application example

ADVANTAGES

- NSF Registration
- Ideal for the food industry
- Odourless
- Quality food product
- Easy rinsing

TECHNICAL SPECIFICATIONS				
DILUTION	1 to 5 liters of product per 100 liters of water			
CHEMICAL NATURE	Association of nonionic surfactants with cleaning functions and stabilizing additives.			
SURFACTANTS	Anionic, nonionic			
PHYSICAL STATE / COLOUR	Yellow liquid			
ODOUR	Weak, characteristic			
PH	12,8			
SOLUBILITY IN WATER	Complete			
CLEANING PERFORMANCE	Very good			
RINSING	Yes			
FOAMING	Yes			
RELATIVE DENSITY	1,030			
FLASH POINT	Not concerned			
CHEMICAL REACTION	Alkaline (non-caustic)			
CLASSIFICATION	Corrosive			
EXPIRATION	2 years. Stored in the original packaging. Protect from excessive sunlight. Avoid extreme temperatures.			

CAUTIONS

Chemical product: Always read the label before using. Close the packing after each use. Keep out of children reach.

Avoid prolonged contact with skin. In case of contact with skin or eyes, rinse thoroughly with clean water. Wear gloves, goggles and appropriate clothing. Not for use in light alloy with a concentration higher than 5%.

Always make a test to determine the compatibility and the appropriate contact time.

Quality food product, in terms of cleaning materials and equipment that can be in contact with food products, a simple cleaning with potable water is enough before drying

WASHES	APPLICATION	DILUTION	RINSE
Vehicle exterior	Foam Cannon	2%	For surfaces that may come into contact with food products, finish with rinsing with potable water
	Washing machines (with rollers)	2%	
	Washing machines (jet)	5%	
	Venturi system	1% a 2%	
Vehicle interior	Foam Cannon	2%	
	Manual washing	2% a 5%	
Floors and Surfaces	Manual washing	2% a 5%
